Fourth Grade - Next Generation Science Standards

The Next Generation Science Standards (NGSS) are K-12 science content standards. Standards set the expectations for what students should know and be able to do. The NGSS were developed by states to improve science education for all students. A goal for developing the NGSS was to create a set of research-based, up-to-date K-12 science standards.

SCIENCE STANDARDS UNIT 4. The fourth and final NGSS unit for first grade focuses on Earth's place in the universe. You are not getting deep and theoretical here, nor are you going to get philosophical. You're going to get on a first grade level and talk about concrete things we can see that help us understand where the Earth is in space.
