Engine Breakdown

The Navistar DT engine family is a line of mid-range inline-6 diesel engines. With horsepower ratings ranging from 170 hp (130 kW) to 350 hp (260 kW), the Navistar DT engines are used primarily in medium-duty truck and bus applications such as school buses, although some versions have been developed for heavy-duty regional-haul and severe-service applications.

Navistar DT engine - Wikipedia

The DT466 engines are generally pretty good engines, should have more than plenty of oomph once you sort the turbo boost issue. As for the goo in the radiator, that's not so easy. A thorough flush is likely to help for the short term, but oil in the radiator is not normal. You'll probably want to track down how it got there (which may have been ...
