Early Modern (1450-1750) — Freemanpedia

East Asia is home to some of the world's oldest civilizations. Chinese history stretches back more than four thousand years, and its early empires—some of the wealthiest in history—invented paper, movable type (in printing), gunpowder, and the compass. Korea and Japan, similarly, trace their histories back to dynasties across thousands of years that shaped the language and culture of ...

Modern History | World101

The Bronze Age is also represented at the Lower Xiajiadian culture (2200–1600 BC) site in northeast China. Sanxingdui located in what is now Sichuan province is believed to be the site of a major ancient city, of a previously unknown Bronze Age culture (between 2000 and 1200 BC).

History of China - Wikipedia

Early modern Europeans, moreover, still had no product that would sell consistently in China, except for money itself. But in the matter of cash, the Europeans were fortunate. Between 1492 and 1800, some 85 percent of the world's total silver supply, and 70 percent of its gold, came from the new European colonies in the Americas.
