At present, there is no such thing as a single corpus of binding rules within the European legal order which could be said to embody European migration law. The field of European migration law is covered by various legal spheres, providing a patchwork of relevant legislation and principles of law. This book brings together, in one context, the European and international legal regimes on ...

European Migration Law - Pieter Boeles - Google Books

Today's EU law contains a comprehensive and almost all-encompassing migration law system. It governs both voluntary and forced migration. It controls entry, residence, and return. It covers both EU citizens and third-country nationals. Though there are fields not affected by EU law and left to the Member States, the overall picture drawn by the existing EU instruments is fairly complete.
